CORE i7

All-in-one functionality.
One-of-a-kind PC.

Samsung SERIES 7
DP700A3D-A01US All-In-One PC

23.6" Desktop PC with Touch-Screen and Hand-Gesture Interfaces

It's an entirely new PC experience. Introducing the Series 7 All-In-One PCs from Samsung. Designed for Windows 8, this sleek and powerful 23.6"desktop PC features an elegant aesthetic and brilliant HD display with touch-screen technology. That alone will garner ultimate style points for your home or office. But once you get beyond the cutting-edge design, you'll discover a PC that offers everything you demand. From emails to multimedia presentations to Web browsing and more, Series 7 All-In-One PCs truly live up to their name.

Powered by the Intel® Core™ Processor Family.

Touch and Gesture Interfaces
A simple touch of the screen lets you access the Web, type and send emails, chat with friends and more. Gesture control lets you adjust volume, play games and even control the cursor without touching anything.

Share Apps and Content
Use SW Update to download AllShare™ Play technology to share content to a Samsung Smart TV™, smartphone or camera.

Discover Windows 8
Windows 8 gives you instant access to your friends, apps, sites and more. And Quick Starter adds a convenient start button so you can navigate the way you know how. (Use SW Update to download Quick Starter.)

User Settings with You in Mind
Change networks or customize sound and vision with a touch of the screen. The most commonly used features are fast and simple to use. And you have complete control over it all.

Superior Viewing Experience
Samsung's wide viewing angle technology allows for a consistent viewing experience without color distortion even when viewers are watching from different angles.

Intel® Power
Third generation Intel® Core™ processors deliver amazing performance you can see and feel. Enjoy entertainment, create and share memories, and connect with what interests you most.
